

Imagechef Free _VERIFIED_

ImageChef is a wonderful application for Android. ImageChef gives you an easy way to add text, images, and video to your Android devices. You can even use multiple ImageChef themes easily on your Android device. ImageChef is free to download and share, so you can have fun experimenting on your favorite Android themes. **ImageChef** is a free app that lets you create fun **collages** and add **text** and stickers to your **photos**, ideal for sharing on social networks and chat apps. Once you've chosen a template, you can tap the image to either take a new photo or add one from your device. You can resize and zoom the photos you choose. With text, simply tap it to edit. In the templates **you can't alter font or text color** - but if you choose to add additional text you can do both. What you can't do is edit the templates themselves, and in the free version your completed images have an ImageChef watermark. **ImageChef** is a **free web-based images generator tool** that enables you to create unlimited **custom images** without having any technical knowledge. You can quickly turn a large section of image templates into your own clip art to create professional quality images. In addition, you can also **generate animated video clips** with the text of your own choice. ImageChef is a paid app for Android published in the Other list of apps, part of Audio & Multimedia.

This lovely word cloud was made using a tool in the ImageChef library of templates. They call it a word mosaic in their library but what ever you want to call it, you can make some interesting and thought-provoking images with this tool. I like ImageChef because of its flexibility to be used on the iPad, Android tablet and computer. ImageChef is free through iTunes but the app costs \$1.99 through Google Play android store. Of course it is free to use on the computer. These images can be saved to you computer, exported to various social media, and printed out to use as a piece of art.
